SALE AT REVELANTA FARMS, 1:00 P. M.

FEDERALLY ACCREDITED HERD

Announcement

It is with genuine regret that we announce the dispersion of our Revelanta Farms Short Horns. We have mutually agreed to dissolve the partnership and are offering our herd of Short Horns for public appraisal in order to effect same. All of our livestock and equipment, other than offered in this sale, has been disposed of. The farm has been rented and this is an absolute dispersion.

The present herd has been developed upon a foundation of 10 females and a herd bull purchased at auction at the Dispersion Sale of the former Hogue & Girton herd following the death of Dr. Hague in 1923. Only cattle of outstanding individuality, of correct breeding and known producing ability were selected. By proper mating and rational development we have developed one of the most select breeding herds in the country, if we are to judge by their show ring winnings. Although we have been very seriously handicapped in numbers of cattle from which to select our show herds, we have been able to win our share of the money against the strongest competition.

At the 1924 Iowa State Fair showing our entire herd, excepting 9 aged cows and 3 junior calves, we won more money than any other exhibitor, considering the size of the herd. At the 1926 Iowa State Fair, showing 8 head, we won 3 firsts in open competition on junior yearling bull, summer yearling heifer and yearling herd. This gave us the distinction of being Iowa's Premier Short Horn Exhibitor.

Our herd is more outstanding now than it has ever been. We have had 12 head of cattle in fitting for the fall shows—five bulls and 7 females—all but the herd bull, Collynie Augustus, bred by ourselves. All of these show cattle are to be distributed to the trade in this sale. Anyone wanting one or more head to fill their show herds should give these cattle serious consideration. The cattle in fitting are as follows.

- | | |
|-----------------------------|------------------------------------|
| Lot 1—Two-year-old bull. | Lot 17—Senior yearling heifer. |
| Lot 2—Summer yearling bull. | Lot 14—Junior yearling heifer. |
| Lot 4—Summer yearling bull. | Lot 20—Junior yearling heifer. |
| Lot 6—Cow and calf. | Lot 6—Senior heifer calf, with dam |
| Lot 15—Dry cow. | Lot 21—Bull calf, with dam. |
| Lot 27—Two-year-old heifer. | Lot 18—Bull calf, with dam. |

The breeding herd has been carried through the winter in very thrifty condition. They have had the run of the fields and blue grass pastures nearly every day the past winter. Inasmuch as this sale is being put on with only about thirty days notice, we will not attempt to shovel a lot of rich feed into these breeding cattle. The calves at foot are too valuable to ruin by putting heir dams on heavy feed on short notice. This sale will be had just as grass comes and these cattle will be ready to put on grass entirely within a few days after reaching their new homes.

We would have liked to have had several recent pictures of these cattle taken but owing to the shortness of available time and preparation for a farm sale, we found it impossible to do so.

General Information

THE OFFERING—28 lots, consisting of 5 bulls, 7 cows with calves at side, 2 open heifers, and balance bred cows and heifers.

PEDIGREES—A certificate of registry and transfer will be furnished with every animal sold as a single lot and an application for each calf.

TERMS—Cash.

TEST—Our herd has been under federal supervision since 1919 and is federally accredited. Our annual test was not due until the middle of June, but in order to show our confidence in our cattle and to assure the buyer that he is obtaining clean cattle, we have had our herd federally tested, the same ending on April 3, 1927, and every animal passed a clean test. Every animal that we have purchased during the past eight years, whether pure bred or a grade cow, has been segregated for 60 days and re-tested, so that we would run as little chance as possible of introducing disease into our herd. Since this is an absolute dispersion and dissolution sale, it would be the usual course to not allow a re-test. However, to show our further confidence in these Short Horns we have decided, at the last minute, to put the receipts from this sale in escrow with the Iowa State Savings Bank, of Fairfield, Iowa, and to allow a retest upon these cattle if purchaser desires. Test must be made and notification made on or before June 15, 1927, in order for this guarantee to hold good. Also the cattle must be kept segregated, in clean lots and fed and watered out of clean utensils, unless they enter an accredited herd, if they are allowed to come under this guarantee.

GUARANTEE—This being a complete dispersion sale no guarantee as to future usefulness of the cattle will be given. However, the junior member has had direct charge of the herd and will point out known defects on day of sale. We have had a little trouble setting two or three females and this will be mentioned as they enter the ring. It is our desire to sell these cattle absolutely upon their merits. Cattle at buyer's risk as soon as bid off. All stock loaded on cars free of charge.

AUCTIONEER—Col. N. G. Kraschel. **CLERK**—W. C. Brawner.

FIELDMEN—Hal Longley, of Short Horn World; J. E. Halsey, of the Iowa Homestead; Francis Martin, of the Breeder's Gazette, and Guy L. Bush, of Wallace's Farmer.

Mail Bids may be sent to either the auctioneer or fieldmen and same will receive most careful consideration.

Fairfield is on the main line of the C. B. & Q. railway midway between Chicago and Omaha, and on the Rock Island midway between Chicago and Kansas City. Good connections can be made either way on either fast or local trains.

Revelanta Farms are located 7 miles northwest of Fairfield on the Brookville Speedway, and 1 mile east of Brookville, which village is 6 miles due south of Packwood and 3 miles north of Harding Highway, U. S. No. 34.

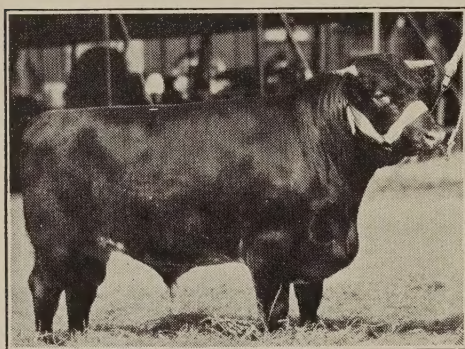

Free transportation from depots and Leggett Hotel in Fairfield on sale day. If anyone wishing to come to Packwood will notify us before the sale we will make arrangements to meet the morning train there.

Free lunch at noon.

We extend to all lovers of good Short Horns a most cordial invitation to be with us on May 3rd, 1927.

Fraternally yours,

HAGUE & GIRTON.

Collynie Proud Viscount—Sire, Cluny Proud Augustus 1040005, by Hindley Orown 613584, out of Cluny Augusta 10th V62-701E. Dam, Collynie Rosebud V64-871E by QQuartermaster 849849, out of Star's Rose V58-495E.

Proud Nonpareil—Sire, Proud Emblem 317093 by Proud Edward 306270, out of Lady Rosaline V54-681E. Dam, Elvetham Nonpareil 2nd V58-448E by Proud Victor 649139, uot of Elvetham Nonpareil V53-617E.

As the daughters of Revelanta Villa Gift began to round into their yearling form we began to give serious consideration to the selection of a successor to him. The requirements that we laid down for the new herd bull were as follows:

1st—He must be an outstanding bull individually.

2nd—His breeding must be of such ancestry that there would be practically no doubt that he would sire outstanding calves when mated to the choice females at Revelanta.

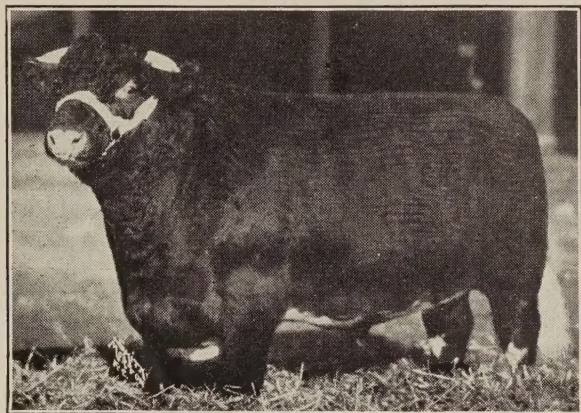

3rd—He must be of dark color, preferably a dark brown, and one whose ancestors were of such colors that he would in all probability sire calves of very desirable colors.

4th—He must come from a line of breeding that was producing outstanding bulls.

5th—He must come from a line of breeding somewhat different from that used in many of the more prominent herds here in the corn belt. We have no axe to grind about any of these lines of breeding here as nearly all of them are represented in our females. We believed that if we could find a bull to meet these requirements that Revelanta Farms could be made one of the leading headquarters for top herd bulls within a few years.

6th—He must come from a good milking dam.

7th—We wanted a bull 12 to 15 months of age.

IMP. COLLYNIE CLIPPER CREST—Sire of Collynie Augustus

We had a somewhat difficult program laid out for this selection. We spent several months in study, correspondence and looking over prospects. We finally simmered it down to two lines of breeding. We attended the 1925 International looking for this bull. We looked over all the bulls at the show and upon finding a likely young red roan calf in the Blackhawk string, we made careful study and inquiry and applied the above outline requirements. We decided that Collynie Augustus fulfilled all the requirements that we had outlined, excepting the last one. We were so taken with the calf that we disregarded the age requirement and obtained a price upon the calf. Several leading breeders in America were also seriously considering the purchase of Collynie Augustus. Within a few hours after obtaining a price upon him we wrote Easton & Ward a check of \$1000.00 for the calf. Collynie Augustus was the first bull sired by Imp. Collynie Clipper Crest to be sold into the corn belt. This was a very long price to pay for an untried calf to use in a herd of fifteen breeding females, but we were convinced in our own minds that if he were properly cared for that he would be a leading bull in American Short Horn history. We have never regretted for a single minute our purchase of Collynie Augustus.

At the 1925 International, Collynie Augustus was the youngest bull winner, handicapped by age, but he stood well up in his class. He was a member of the 2nd prize get of sire group, 3rd pair of bulls, and 4th pair of calves. As the judge, R. L. P. Duncan remarked, "I consider that this calf should have been higher in his class, but he was so young that he would have broken the evenness of my line up." The winnings of the groups of which Collynie Augustus was a member would indicate that the judge thought very highly of him.

Collynie Augustus was shown in moderate flesh, without nurse cow, as a junior yearling in 1926, and was undefeated in class at Burlington, Davenport, West Liberty, Des Moines and Hamline. No less than five State Fair herds showed at each of these places. He was junior champion at Davenport and the Minnesota State Fair. Our yearling herd headed by Collynie Augustus was undefeated.

Collynie Augustus has developed very satisfactorily. He is of the correct type, very short of leg, deep and thick. Possesses a wonderful masculine head and horn, a short neck with very full shoulder vein, beautifully rounded shoulder and well filled heart. He is thickly fleshed and very mellow. He shows a level rump and well filled quarter and stands on the straightest of legs. He is a bull of medium scale, in fine breeding condition and will enter the ring sale day at 1700 lbs. He has never been over-fed and has had plenty of exercise. All winter, and right now, he has seven or eight hours exercise in a four-acre paddock with from four to six young bulls. He will make a great showing this year if properly carried on or he can be taken home and put in the breeding paddock with no fear that he will not prove a breeder.

(Lot 1 Continued)

Buying an untried bull is more or less of an experiment. Careful study of the calves sired by Collynie Augustus, which are selling at the side of their dams, will prove that his buyer will not be buying an experiment. Using a sire that is a direct outcross on the females is uncertain until properly tried out. We have calves sired by Collynie Augustus out of females strong in Sultan, Cumberland, Gainford and Villager breeding and all show the same type, uniformly good heads, blockiness and even colors, thus proving the prepotency of Collynie Augustus. Any breeder can purchase him now knowing that he will nick properly with females of any of the more prominent lines of breeding in America today. We hope that he will sell for a price commensurate with his worth and that he will go into a herd where he will have further opportunity to demonstrate his worth.

W. H. Pew, who judged at the Pacific International and American Royal in 1925, stated: "I consider Collynie Augustus the best bull that Blackhawk Ranch sold during the 1925 International."

Hon. Duncan Marshall, Minister of Agriculture for Dominion of Canada, visited Revelanta Farms in January and remarked; "I consider Collynie Augustus one of the most outstanding young bulls in America today."

We desired especially to have a recent photo taken of Collynie Augustus. When he enters the sale ring you will agree with us that he bears a very striking resemblance to this picture of his sire, Collynie Clipper Crest. He possesses the same color, same type of head and horn, neck and general outline. He has the same bold carriage and breed character.

This particular branch of the Augusta family have been great producers in the herd of Mr. Smith, of Wester Lovat Beauty. Under date of January 10, 1927, Mr. Smith wrote us: "I still have Augusta Lovat in my herd and two of her daughters, full sisters to Augusta Lovat 2nd. The family has done me well. For females of this family I have got several good prices, amongst others, 160 gs, 230 gs. and 255 gs. The sire of Augusta Lovat 2nd has been a great breeding bull and I still use him. Augusta Pride 2nd, one of his daughters, is the dam of Roan Robin which I sold to Sir Cecil Chubb, successor to J. Deane Willis of Bapton Manor, for 2000 gs. in 1925. He was first as a yearling at both the Bath & West and the Royal Counties Shows and reserve champion at both places. He is proving a good breeder. Augusta Pride 3rd, another of Collynie Proud Viscount, is the dam of Red Robin that I sold last February to Lady Cathcart, Cluny Castle, for 440 gs. He was senior champion at the Royal Northern Show at Aberdeen last summer. Golden Wreath 10th is another of the old bull's daughters that is the dam of the champion Short Horn bullock at both the Scottish National and the Smithfield fat stock shows."

Collynie Proud Viscount went to Mr. Smith after a bidding contest with Mr. R. L. P. Duncan, who bid 1500 gs. on him for export. Cluny Proud Augustus was first and champion at Perth Show and Sale, 1919, where he was purchased for 4000 gs. by Mr. Wm. Duthie for use at Collynie.

Revelanta Villa Gift was the young bull selected in 1923 to head this herd. He proved a successful show and breeding bull. He won 3rd as a junior yearling at Des Moines, defeating the famous Sni A Bar Royalist. He was a bull of medium scale and was especially thick fleshed and mellow, which characteristics he transmitted to his offspring. Blood will tell as he has 15 of the most noted bulls in America during the past 25 years in the first five generations of his pedigree. From our limited number of breeding cows we developed calves by him that have stood first at Des Moines, junior champions at several other shows and others that have been near the top. He was sired by Grand Champion Cumberland Gift and out of a dam that stood 1st at Des Moines and 3rd at Chicago as a senior yearling. Eight of the cattle in fitting for the fall shows are sired by him.

Lavender Revelanta 2nd and cow calf dropped October 8, 1926, sired by Revelanta Villa Gift, were our candidates for the wet cow class this fall. She won the summer yearling class at Des Moines in 1924 and has defeated such show herd celebrities as Oakdale Jealousy 12th, Lustre Lavender 7th (champion calf 1924 American Royal,) Lady Buttercup, the Iowa junior champion 1924, and Tellier's Lady Mina 3rd. She is a cow of modern type, medium scale, very feminine, smooth and thickly fleshed and swings a good udder. Her roan cow calf is superior to any senior heifer calf that we have ever shown and will help her mother to win the coveted ribbons this fall if they are properly carried on. Anyone wanting a show cow with a show calf should give this pair careful consideration. Her dam is a full sister to Anoka's great Lavender Sultan. Re-bred January 8th to Collynie Augustus.

Parkview Clipper is one of the most dependable breeding cows in the herd. She won 2nd as a junior yearling at Des Moines. We sold her first heifer in our 1923 sale at 8 months for \$410.00. We sold her 1925 bull calf in the last International Sale for \$400.00. He was one of the leading prize winners last fall winning four firsts and three junior championships. We are selling two daughters and a son in this sale.

Bred October 1 to Collynie Augustus. This should prove her best mating.

Rosemary Gift 2nd is the companion to Rosemary Joffre, more than a half sister as both are by the grand champion Cumberland Gift and their grand dams were the same cow. This cow carries 12% each of the blood of Choice Goods and Ruberta. She has produced us three very low set thick heifers and has a very fine red roan bull calf Revelanta Revolution, at foot dropped March 9, sired by Collynie Augustus. Here is an opportunity to purchase a cow and a bull calf for the money that it will take to buy the calf within a year.

Rosemary Joffre is a full sister to Marshal Joffre. She has been our show cow for several years and is the dam of Lots 4 and 13. She stood 2nd at Des Moines and Hamline 1925 with two-months bull calf at side. She has won several championships at other shows. She is also from the same dam as Tomson Bros. great Village Marshal, Scotty Milne's Cumberland Marshal 8th and W. H. Pew's Rosemary Cumberland. This has been J. W. McDermott's most dependable line of breeding. She weighs 1600 lbs., still nursing, of beautiful style and character and will make a fine show this year if carried on.

Bred March 31st ot Collynie Augustus.

Marigold Revelanta is our dry cow candidate for this year. She weighs about 1550 lbs. now, is very feminine, has exceedingly good hearth girth, spring of rib and depth of covering. She stood 6th at Des Moines and 2nd at Hamline in both 1925 and 1926. She had a fine red reifer calf by Collynie Augustus which we were unfortunate in losing. Should be re-bred before sale time to him for a junior calf.

Villager's Marigold is one of our most dependable breeding cows. She was a winner as a calf and yearling and produces winners. She was first junior yearling at Des Moines 1919 and was in the 1st prize get of sire and young herds. Two daughters sell in this sale and her last April bull calf won his class at the Marshall County Bull Sale in February. She is very low set and the highest priced daughter of Imp. Villager that was settled for in cash. We know of no daughter of Villager that is more valuable. She will sell in moderate flesh and is a fine milker. Should produce a real calf by Collynie Augustus.

Bred July 21, 1926.

Marigold Revelant 3rd is the other daughter of Villager's Marigold. Like her mother she was successful in winning first at Des Moines as a yearling. Since the new classification for summer yearlings we have won it twice out of three times at Des Moines. This heifer was a member of our winning yearling herd last year. She has been carried thru the winter moderately with plenty of exercise and she should be a hard senior yearling to defeat this year.

Bred February 7th, 1927, to Collynie Augustus.

Anoka Marigold probably carries more Whitehall Sultan blood than most any other cow in the country today, having 25%. She is a heavy, low down, thick, dark roan cow that has been a good breeder for us. We have shown her calves very successfully, one of her daughters being a member of our yearling herd last year and another in fitting for this year's show herd. Her best calf is selling at foot with her, a dark red roan bull calf, Revelanta Marauder, of February 13, and sired by Collynie Augustus. He is very low set, deep of body, has straight lines and a great head. He was to have been in our show herd this year. A great prospective herd bull.

Marigold Revelant 2nd was a member of our winning yearling herd last year. She and Marigold Revelanta 3rd were the only heifers of the right age that we had to show in yearling herd after losing the heifer from Rosemary Revelant as mentioned before. The winnings of this group against all competition speaks well for the Revelanta productions. This heifer traces six times to Whitehall Sultan. She would make a creditable showing if pushed this year. She won first at Davenport and third at Minnesota last year.

Bred April 5th, 1927, to Collynie Augustus.

Marigold Revelanta 4th is a full sister to Marigold Revalanta 2nd and a heifer that we consider quite superior at the same age. This heifer is also in fitting for junior yearling honors and to have shown in our groups this year. A very sweet headed heifer with plenty of scale and yet retaining her smoothness. Sells open.

Nonpareil's Roan Lady has been a great producer. She has raised eight calves, six bulls and two heifers. Her first bull sold for \$2900 in 1920 when 10 months of age. Her second bull, Revelanta Gainford, we used in our own herd for some two years. Three other bulls have gone into good herds. A white senior yearling show heifer topped the heifers in our 1923 sale at \$605.00. Another daughter sells in this sale.

Nonpareil's Roan Lady sells with a very dark red bull calf, Revelanta Nominee, by Collynie Augustus, dropped January 18th. He is a great headed, true lined calf and suffice it to say that he is being pushed so that he will be ready for the fall shows.

Revelanta Gainford—Sire Gainford Champion 410269 by Gainford Marquis 370987, out of Emmeline 19th 181164. Dam, Nonpareil's Roan Lady 588976 by Master Lad 392368, out of Nonpareil 5th 217933.

Prince Arthur—Sire, Uppermill Omega 295763 by Bapton Favorite 167139, out of Maude 37th V51-754E. Dam, Princess Royal 23rd 75964 by Royal Bruce 273853, out of Princess Royal (imp.) V52-777.

Allan—Sire, Mina Chief 140667 by Indian Chief 98651, out of Mina Lavender V43-774. Dam, Red Rose of Strathallan 3rd V43-1018, by Ercildoune 103123, out of Red Rose of Strathallan V21-16658.

Gloster Revelanta won 7th as a summer yearling at Des Moines in 1924, being a few hours too old for a senior calf. She produced a good bull calf last year by Revelanta Villa Gift and has a real bull calf, Revelanta Governor, at foot now, a medium roan in color, dropped March 6th, and sired by Collynie Augustus. If one were to line up these five January, February and March bull calves, sired by Collynie Augustus, it would indeed be a difficult job to select the best one. This cow is proving a fine milker.
